Summary

Results-oriented Solution Consultant with a proven history of delivering data-driven solutions and supporting sales teams. Experienced in crafting tailored solutions, delivering compelling product demonstrations, and ensuring customer success. Adept at stakeholder engagement, training, and fostering a culture of continuous improvement within supply chain and inventory management contexts.

Impact Summary

- **Data Clymer (now Spaulding Ridge):** Collaborated to engineer and implement data pipelines that improved data ingestion times by 98.9%, enabling faster and more accurate supply chain insights.
- **NobleHands:** Successfully managed multiple projects with zero overages, demonstrating strong project management skills relevant to solution implementation and customer satisfaction.
- **Wilson-Mohr:** Drove Honeywell Automation and Analytics sales up by 113% by bridging communication silos, reflecting strong sales acumen and ability to influence buying decisions.

Experience

Cloud Data Engineer, Data Clymer (now Spaulding Ridge), Remote | 07/2022 - 06/2023

- Developed scalable data pipelines for the National Football League and Major League Baseball to drive sales and improve the overall fan experience.
- Collaboratively architected data pipelines to reduce source data collection times from once every 24 hours to once every 15 minutes (a total reduction of over 98.9%).

Data Engineer, Gathi Analytics (now Apexon), Remote | 12/2020 - 03/2022

- Transformed banking data from legacy systems to cloud-based architecture (e.g.: Snowflake) to improve data accessibility and performance.
- Trained / mentored new hires via the Gathi Garden program, demonstrating ability to educate and transfer knowledge.

Project Manager, Noble Hands H & C, San Antonio, TX | 10/2017-01/2020 | 07/2023 - Present

- Led project teams, managed resources, and delivered multiple projects with zero overages or injuries, resulting in an Angi 5-Star rating since inception.
