Career Summary

Results-driven Product Manager with over 7 years of experience in leading cross-functional teams within Agile environments. Proven ability to translate complex data workflows into user-friendly products, enhancing user experience and driving business outcomes. Strong expertise in data analytics, with a focus on leveraging AI technologies to improve product strategies and user interactions.

Impact Summary

- **Spaulding Ridge:** Spearheaded the migration of the Seattle Mariners' data systems to GCP, enhancing data accessibility for non-technical users and improving analytics capabilities.
- **Apexon:** Developed and implemented the "Gathi Garden Program" for onboarding, facilitating faster integration and collaboration among new hires which improved team efficiency by 30%.
- **NobleHands:** Founded a residential construction business, achieving 200% year-over-year growth and streamlining processes to enhance client satisfaction and contractor engagement.

Professional Experience

Cloud Data Engineer | Spaulding Ridge | Remote | 07/2022-06/2023

- Led the design and implementation of data pipelines, integrating advanced analytics which enabled intuitive data exploration for non-technical users.
- Collaborated with design, engineering, and marketing teams to create user stories and ensure alignment on product features and requirements.
- Regularly interfaced with C-Suite executives to present insights from product performance metrics, influencing strategic product decisions.

Product Manager/Owner | NobleHands H & C | San Antonio, TX | 10/2017-01/2020, 07/2023-Present

- Managed cross-functional teams to streamline operations and enhance customer experience, achieving significant improvements in service delivery.
- Resumed part-time operations while focusing on professional development in product management and data analytics.
