Elevator Pitch

Results-oriented Product Owner with 3+ years of experience leading cross-functional data teams and 7+ years of management experience driving business change through data-driven solutions in matrixed DevOps environments. Passionate about enabling data-led innovation and optimizing the customer journey across Sales, Marketing, and Customer Experience.

Impact Summary

NobleHands: Successfully implemented traditional project management practices to run all projects with zero overage and attain Five-Star ratings across various customer review platforms.

Data Clymer: Collaborated closely with internal and external stakeholders to engineer and implement improved and designed data models that predicted customer churn with an accuracy of 91%.

Gathi Analytics: Spearheaded the Gathi Garden Project, an effort to train, develop, and mentor new programmers in navigating data transformation tools and a Federal Banking data migration.

Wilson-Mohr: Drove Honeywell Automation and Analytics sales up by 113% in Central and South Texas territories and received numerous recognitions for bridging existing communication silos.

Experience

Project Manager Noble Hands H & C, San Antonio, TX | 10/2017-01/2020 | 07/2023 - Present

- Leading project teams and delivering multiple projects with zero overages, resulting in consistent 5-Star customer service ratings across various customer platforms.

Cloud Data Engineer Data Clymer (now Spaulding Ridge), Remote | 07/2022 - 06/2023

- Deep collaboration with multi-level stakeholders to architect data pipeline overhauls, reducing source data collection times by 98.9% and improving reporting accuracy by 53%.
- Developed scalable data pipelines for the National Football League and Major League Baseball 'Fan 360' and 'Golden Record' initiatives to drive sales and improve the overall fan experience.

Data Engineer Gathi Analytics (now Apexon), Remote | 12/2020 - 03/2022

- Transformed banking data from legacy systems to cloud-based architecture (e.g.: Snowflake) to improve data accessibility and performance.
- Presented data lineage and integrity reports to bank regulators to ensure performance compliance.

Skills
