Experience

Product Owner Data Clymer (now Spaulding Ridge), Remote | 07/2022 - 06/2023

Championed intelligent automation initiatives, leveraging UiPath and AI technologies to streamline processes and improve operational efficiency.

Managed and prioritized the product backlog in Jira, ensuring clear and actionable user stories aligned with business needs.

* Collaborated with stakeholders to identify, evaluate, and prioritize opportunities for process improvement, contributing to a 98.9% reduction in data ingestion times.

Data Engineer Gathi Analytics (now Apexon), Remote | 12/2020 - 03/2022

Spearheaded the transformation of legacy banking data to cloud-based solutions, enhancing data accessibility and performance for compliance reporting.

Developed and presented interactive dashboards that provided critical insights to stakeholders, facilitating data-driven decision-making.

* Trained new hires in data transformation methodologies, fostering a culture of continuous learning and improvement.

Project Manager Noble Hands H & C, San Antonio, TX | 10/2017 - 01/2020 | 07/2023 - Present

Led cross-functional project teams to deliver complex projects on time and within budget, achieving a 5-Star customer service rating.

Implemented risk management strategies to maintain zero project overages and ensure worker safety across multiple initiatives.

* Cultivated stakeholder relationships to align project goals with business objectives, driving successful project outcomes.
