Career Summary

Results-oriented Product Manager with over 7 years of experience in leading cross-functional teams to deliver innovative solutions in fast-paced environments. Proven ability to translate complex data into user-friendly products that drive business growth and enhance user experiences. Strong expertise in data analytics, performance metrics, and Agile methodologies, with a passion for leveraging data to inform strategic product decisions.

Impact Summary

- **NobleHands:** Founded a successful residential construction business, achieving 200% year-over-year growth by addressing customer and contractor service gaps through innovative solutions.
- **Spaulding Ridge:** Led the successful migration of data systems for the Seattle Mariners, improving data extraction efficiency by 30% and enhancing reporting accuracy for stakeholders.
- **Apexon:** Played key role in USAA's data migration over to Snowflake in SAFe Agile, and served as Dev Team liaison to Bank Board for presentations.

Professional Experience

Product Manager/Owner | NobleHands H & C | San Antonio, TX | 10/2017-01/2020, 07/2023-Present

- Directed all business operations, focusing on project management and client acquisition, resulting in a 200% Y.O.Y. growth.
- Developed strategic partnerships with contractors, enhancing service delivery and customer satisfaction.
- Transitioned to a part-time role to pursue further development in data engineering and project management.

Cloud Data Engineer | Spaulding Ridge | Remote | 07/2022-06/2023

- Spearheaded the migration of data systems to GCP, enabling enhanced data exploration and analytics for non-technical users.
- Collaborated with internal stakeholders to define project requirements and align product goals, ensuring all teams maintained a shared understanding of objectives.
- Presented insights and recommendations to C-Suite executives, driving data-informed strategic decisions.
