Career Summary

Dynamic Product Manager with over 7 years of experience leading cross-functional teams in Agile environments. Proven ability to translate functional requirements into user-centered solutions that enhance user experiences. Strong background in data engineering and analytics, with expertise in data modeling, system integrations, and cloud-based data technologies. Committed to driving innovative solutions that align the power of data with business goals and stakeholder objectives.

Impact Summary

- **Spaulding Ridge:** Successfully migrated the Seattle Mariners' data systems to GCP, enhancing data exploration and efficiency by 98.9%, while collaborating closely with cross-functional teams.
- **Apexon:** Co-developed the Gathi Garden Program to onboard and mentor new hires, resulting in a 30% reduction in employee turnover and improved team collaboration.
- **NobleHands:** Founded a residential construction business achieving 200% year-over-year growth, demonstrating an ability to identify market needs and drive impactful solutions.

Professional Experience

Cloud Data Engineer | Spaulding Ridge | Remote | 07/2022-06/2023

- Led the migration of data systems to GCP, improving data accessibility and analytics for non-technical users, and wrote clear documentation and training manuals for clients using our services.
- Collaborated with finance teams and business partners to translate functional requirements into impactful data solutions, supporting strategic product improvements.
- Regularly interfaced with C-Suite to provide insights based on product performance, influencing data-driven decision-making.

Junior Data Engineer | Apexon | Remote | 12/2020-03/2022

- Played a key role in the data migration of a federal bank, enhancing system integrations and operational efficiency.
- Developed training manuals to facilitate data democratization across teams, ensuring comprehensive understanding of data workflows.
- Initiated and led the Gathi Garden Program, resulting in improved onboarding processes and reduced new employee turnover.
