## Career Summary

Results-driven Technical Sales Engineer with a strong background in data engineering and project management. Over 10 years of experience in customer-facing roles, adept at translating complex technical information into actionable insights for diverse audiences. Proven ability to drive pilot programs, nurture customer relationships, and enhance product offerings through feedback and analytics.

## Experience

**Business Development** Noble Hands H & C, San Antonio, TX | 07/2023 - Present - Led project teams to deliver multiple high-impact projects with zero overages, resulting in consistent 5-Star ratings and positive customer feedback.

- Maintained effective communication with customers and internal stakeholders to ensure project alignment with business goals and customer expectations.

**Cloud Data Engineer** Data Clymer (now Spaulding Ridge), Remote | 07/2022 - 06/2023

- Developed and managed scalable data pipelines for initiatives that improved data ingestion times by 98.9%, directly enhancing the customer experience.

- Conducted training and knowledge transfer sessions for external teams, fostering strong customer relationships and ensuring successful implementation of data solutions.

- Collaborated with cross-functional teams to provide technical support and feedback, aligning product offerings with customer needs.

**Data Engineer** Gathi Analytics (now Apexon), Remote | 12/2020 - 03/2022

- Served as Development Team Liaison for presentations to Federal Banking Board on KPIs and Data Integrity protocols during massive bank data platform migration from legacy systems over cloud-based technologies.

- Trained / mentored new hires via the Gathi Garden program in an effort to 'coach them up' on technologies and help reduce new hire churn during the first few months of their employment.

## Skills

**Technical:** SQL, Python, Cloud Computing, Data Analysis, Project Management Tools (Jira, Trello), Cloud Data Warehousing (Snowflake, Azure), API Integration, Data Transformation, Power Distribution (480V, 208/120V), and Analog (4-20mA)

**Soft Skills:** Verbal and Written Communication, Interpersonal Skills, Analytical Thinking, Customer Relationship Management, Problem-Solving, Active Listening, Training, User Manual Writing, Conflict Management, Contract Negotiations, Project Estimating
